

WebCE is closely monitoring the rapidly changing status of the Coronavirus (COVID-19). We are in communication with state regulators and testing facilities to keep you updated on policies and procedures that have been affected by the outbreak.

We have received confirmation of the following testing providers closing their locations around the nation for at least the next 30 days:

- Pearson Vue
- Prometric
- PSI

In light of this news, WebCE will be automatically extending insurance exam prep orders for 12 months from the order date. This will apply to any currently active orders as well as new orders placed after today's date.

Students are still encouraged to make steady progress through their course, utilize the study tools for review, and take the state exam at the earliest opportunity, but through this course extension we hope we have removed any concern that the order may expire before a testing center becomes available.

If you have any questions, please contact our support team at 877-488-9322 or by email at corpsupport@webce.com.
